Anne Provencher, DVM, MSc, DACVP, DECVCP, Fellow IATP Anne Provencher joined Charles River Laboratories in Canada in 2008 as a senior clinical pathologist and is now the Executive Director of Clinical Pathology for Global Safety Assessment. Anne received her Veterinary Medicine and Masters Degrees (DVM, MSc) degrees from the University of Montreal (Canada) and completed a residency in clinical pathology at Michigan State University (USA). She is board certified with the American College of Veterinary Pathology (ACVP), the European College of Veterinary Clinical Pathology (ECVCP) and is a fellow of the International Academy of Toxicologic Pathology (IATP). She has worked for the past 17 years in the field of toxicological clinical pathology. Her main interests are hematopoiesis and endocrinology as well as juvenile toxicology. Anne volunteers on several committees from professional organizations and has participated to several cross industry initiatives and position papers. She was on the executive board member of the American Society of Veterinary Clinical Pathology (ASVCP); she is a co-founder and past secretary of the ECVCP and is the current first year executive board member of the ACVP.
